

Mahmoud Gamal El-sharkawy

Senior Hardware Engineer

Address: - Egypt, Menoufia, El Shohada.

+201118044828_ +201025382241.

mahmoud_8383@rocketmail.com.

Summary

Exceptionally creative and resourceful Electrical Engineer with a stellar record of safety and customer service. Able to handle multiple projects simultaneously with high professionalism and accuracy. Adept at short- and long-term electrical system Troubleshooting.

Education

Faculty of
Electronic Engineering
كلية الهندسة الإلكترونية
جامعة المنوفيا

2016 B.Sc. Faculty of Electronic Engineering, Menoufia University.

Major: industrial electronic and control engineering with Excellent with Honor's grade.

Graduation Project: MediT-Medical Electronic Drug Infusion Therapy for Cancer Treatment with Excellent grade.

Experience

ELARABY Group of Companies & Factories (09/2020 – Present)

R&D Motor Control and Inverter SR hardware design (01/2024 - Present)

Responsible for new inverter development design Projects form PCB prototyping to Mass-Production.

Develop PCB Features Document and schematic/layout.

Assist in identifying and resolving technical issues.

TORNADO

SHARP

TOSHIBA

R&D hardware design engineer (09/2020 – 12/2023)

Develop circuit diagram and PCB for home appliance.

Develop PCB Features Document and schematic/layout.

Assist in identifying and resolving technical issues.

Part Time Hardware Instructor at AMIT (09/2023 – Present)

Develop circuit diagram and PCB for sports equipment.

Assist in identifying and resolving technical issues.

Electrical Maintenance Engineer at Modern Concrete (04/2019-09/2020)

Maintenance and Technical Support for Electrical Equipment

specializes in the field of concrete.

Working with Elematic Electrical Engineer Expert in PLC design field.

R&D hardware design engineer (09/2020 – 12/2023)

Develop circuit diagram and PCB for sports equipment.

Assist in identifying and resolving technical issues.

Courses

coursera

egypt fwd
initiative

HUAWEI
ROHM
SEMICONDUCTOR

Technical Courses

- 2022 DC-DC converter Course form coursera.
- 2022 Linear Circuit analysis Course form coursera.
- 2023 FWD professional embedded Course.
- 2022 FreeCAD Course.
- 2022 LTspice Simulation.
- 2021 HUAWEI AI Course.
- 2020 Power circuit design from ROHM Company.
- 2019 Altium design Advanced training – Certified from Altium.
- 2019 Altium design Essential Courses – Certified from Altium.
- 2015 Basics of ac motors Siemens Quick step online course.
- 2010 Basic programming course (Embedded C).

Soft Skills

ELARABY
ضياء الشقة

- 2021 Change Management.
- 2016 Collaborative and Conflict Management.
- 2019 5s And Decreasing Wastes from Working Environment Certified.

Training

- 2016 Training at ITI Institute and Military Technical College.
- 2015 LabVIEW & FPGA.
- 2014 PLC & SCADA course.
- 2013 Classic control course.
- 2013 English course.
- 2012 Computer Maintenance course.
- 2014 Training at Telecom Egypt.

Skills

Computer

A **AUTOCAD**

udemy

LTspice

ICDL certificate.

Operating systems & programs (Windows), Net and MS Office.MS Project.

Simulation Programs "LTspice, Proteus, Circuit wizard, MATLAB, LabVIEW, My-RIO".

Microsoft Excel & Power Point 2010 Certified from Udemy.

Design Programs "Altium, AutoCAD, Solidworks, FreeCAD "

Languages:

Arabic Mother tongue.

English English Very Good (speaking - reading - writing – listening) (Level 6).

Interpersonal:

Eager to learn new things and getting new challenges.

Leadership skills "Problem Solving – Team Leader – Time Management – Coaching ".

Ability to produce best results in pressure situations.

Focus on target and achieve it within time and cost.

Ability to work with agile methodology to achieve customer satisfaction.

Personal Data

Religion: Muslim.
Nationality: Egyptian.
Military status: Finished (Reserved Officer from 11/2016 to 04/2019).
Marital status: Single.
Date of birth: 05/03/1993

Interests

Running – Reading – Farming – organizing – Football.
